Students in Ms. Moody's 6<sup>th</sup> Grade Class are using laptops to complete an assignment in class. Madison South has 3 mobile computer labs that provide this opportunity for students in every classroom.

Makenna Cramer in Mrs. Thomas' 3<sup>rd</sup> Grade Class is showing students how to complete a number model in Math. Mimeo boards such as this one enable students and teachers to interact with the software by using a special pen that is tracked by the mimeo device and transferred to the white board.

## Message From The Principal

Dear Parents,

We are off to a great start here at Madison South. The students and staff have joined together well and we are excited about our new bigger building. There are many great things going on here. We have a new school wide behavior plan that rewards good behavior. Students earn Ram Bucks by demonstrating good behavior and they can spend them at the store for a variety of items. We will also be rewarding students who stay on green all month with a special event at the end of each month. There will also be awards for grades, attendance and citizenship at the end of every nine weeks.

Conferences are coming up on November 3 and November 8 from 4:30-7:30 each night please feel free to call and schedule one if you have not done so already.

Sincerely,  
Chris Scholl
