August 19, 2022

Madison Local Schools Community,

Per updated guidance from Richland Public Health and the Ohio Department of Health, there are no longer any requirements for students or staff who are direct contacts to remain in school. The only COVID requirements that remain in effect at this time are for those students or staff who test positive for COVID-19, and they are as follows:

- Students or staff who test positive for COVID-19 must stay home for a minimum of five (5) days, and may return to school on day six (6) as long as:
  - they are fever-free,
  - their symptoms have improved,
  - and they wear a mask for five (5) days.

Thank you for your cooperation and understanding in these matters.  
--Rob Peterson, Superintendent

## Madison Local School District Vision

**Building our community**

**Creating endless opportunities**

**Ram Pride!**
