7TH and 8TH Grade School Newsletter for the month of January 2018.

8th grade students met with High School guidance counselors this month to begin scheduling classes for High School. This also gives our 8th grade students the opportunity to ask questions and further prepare them for their transition to High School.

There were 109 7th and 8th grade students who made honor roll this past nine weeks! Students who achieve honor roll receive donuts and juice during arrival time the week after they receive their grade cards. Congratulations students!

At left: Students in STEM class designed cars made out of a block of balsa wood. The cars are powered by CO2 cartridges and were raced after the project was completed. Students had to consider construction characteristics such as weight, aerodynamics, and reducing friction.

Message From The Principal

Congratulations to Lilly Champion (pictured left) who came in second place at the Richland County Spelling Bee! She will represent our district at the Tri-County Spelling Bee in February!

To assist students, we continue to offer free tutoring on Wednesdays after school from 3-4pm.

To assist parents, listed on this page are resources to make it more convenient for parents to check on their students' progress.

Sincerely,
Mr. Muro
