# About Madison Early Childhood

## Learning Center

The Madison Early Childhood Learning Center (MECLC) is an Ohio Department of Education licensed preschool and childcare program. MECLC is a 5 star rated Step Up to Quality program that serves infants, toddlers, preschool, and school age children. Step Up to Quality is a 5-tiered rating system that was established by the state of Ohio. SUTQ rates the quality of care children receive in a preschool and childcare program based on specific state guidelines. The staff at MECLC attend a variety of Step Up to Quality professional development trainings annually. These professional development opportunities allow MECLC staff to implement the most recent strategies and methods in their classrooms. MECLC strives to provide the best quality of care in early childhood education. The strong history of parent involvement and community support has helped cultivate MECLC into a high quality program.
