HAPPY VALENTINE'S DAY!

February has been a month filled with lots of hearts, smiles, and treats! We began February with a visit from the Gorman Nature Center. Our preschool students learned about box turtles and their habitat. Many of the preschool students were very excited to hold and pet the box turtle.

Next, we had a visit from our favorite librarian from the Madison Library, Ms. Brindi. She reads a book to all of our preschool students when she comes to see us, and we always enjoy her visits every month!

On February 14th all of our programs celebrated Valentine's Day! We had so much fun during our class parties in the morning. We had lots of children wear their special Valentine outfits to celebrate the day. They enjoyed tasty snacks, passed out Valentine cards, made crafts, and played games during their parties. Thank you to our generous parents and creative staff for donating many of the snacks and games for everyone to enjoy.

The sunshine has been out more and more each day which we have been very happy about! Children have been able to go outside when the weather

permits. Please make sure you send a coat/jacket with your child daily. We will go outside as long as the temperature is above 32 degrees including the windchill.

Reminder that our spring pictures are coming up very fast. Lifetouch will be here on March 1st and March 2nd. All graduating preschool students (moving on to Kindergarten) in the fall will also have their graduation pictures taken. Picture proofs will go home with your child once we receive them for you to view and purchase pictures. Please check on your Lifetouch form to know which day your child's picture day will be.
