## Happy St. Patrick's Day!

### Mrs. Repp, Principal

Spring is almost here, and we are ready for the sunshine! February was a busy month celebrating Valentine's Day, and learning about dinosaurs throughout the month. The teachers created many activities for their students to explore dinosaurs in their classrooms. The toddler classes created dinosaur eggs, and watched them hatch into more dinosaurs!

Enrollment for our school age summer program will begin on May 1st for any new children in grades Kindergarten - 6th grade. If you have a current school age child that attends MECLC and would like to enroll your child in the summer school age program, please notify the office by 4/16. If you know of anyone interested in this program please have them contact MECLC for more information. Thank you for supporting MECLC!

The month of January was School Board Appreciation month. The preschool students created Thank You cards and a banner to thank the Madison Board members for all of their help with providing us a new building for our early childhood program. We are very grateful to them for all of their time during this process, and for their commitment to early childhood education.
