Bus Safety

Mrs. Repp, Principal

April was a busy month! The preschool students enjoyed an egg hunt outside that their teachers and the child development students planned for them. They also learned about bus safety this month. Students attended their first field trip of the school year! Their favorite part was taking a bus ride around our neighborhood. They were very excited even through all of the rain!

We currently have openings in our school age summer program. The program will begin on May 27th. We have many fun activities planned this year for our school age summer students including Girl Scouts, CACY, and the Madison Library Reading Program. Students will also attend six field trips this summer as well! Please contact MECLC to schedule a tour to learn more about our school age summer program!

Preschool Enrollment

2021-2022

Enrollment for the 2021-2022 Preschool Program will begin at the end of May/early June. All enrollment forms will be completed online using our new system, Five Star. Please let the office know if you are interested in enrolling your child for the new academic year.

More information about the Five Star system will be given to our current families soon. Please check your email address that we have on file for this information. All MECLC paperwork will be completed using the Five Star system beginning mid-May. We will no longer complete paper copies of many forms. This process will be more time and cost effective. If you have any questions about the Five Star system, please contact the office.
