GREAT START!

Mrs. Natasha Repp, Principal

The staff and children at MECLC had a great start to our new 21-22 school year! Students have been learning about their classroom rules and routines. They have also been busy learning about each other and making many new friends!

During the month of September our preschool students learned about camping and the fall season. Please like and follow our MECLC Facebook page to

view some of the pictures of them making s'mores, building a campfire, and using apples to learn math! The MECLC staff are very creative, and love to teach using a hands on approach to learning.

We are excited that our gross motor room (stage area) is receiving a big remodel. The area is being repaired, drywalled, and painted. This space is used for children as an extra gross

motor area for physical movement when the gym is in use and the weather does not permit us to go outside. We want all children to be active throughout the day as much as possible for their developmental growth.

PBIS (Positive Behavior Interventions) Leadership drawings on Monday's have began again. These are for Preschool students that earn Leadership tickets during the week!

LATCHKEY BEFORE/AFTER SCHOOL CHILDCARE PROGRAM

The Mifflin and Eastview latchkey programs will combine together as of October 4th at the Eastview Elementary building location due to on-going low enrollment. MECLC will continue the Madison South latchkey program at the South location. We will look at possibly opening the Mifflin latchkey program for the 2022-2023 school year based on need.

Robyn McNulty is a Community Advocate with the Madison Adult Education program. She is visiting the Madison South latchkey program twice each month to meet with Madison families to

assist them with any resources that they may need help with. Examples of these resources are medical, childcare, school, food, clothing, etc. The next time she will be visiting the Madison South latchkey program will be on September 22nd from 4:00pm - 6:00pm.

If you are unable to meet with Robyn on 9/22, and you need to contact her, please email Robyn at email rmcnulty@madisonrams.net. She can schedule a separate time and date to meet with you if needed.
